OUR RANGE

Five Versatile Models

SINGLE AXLE - \$8,995

4.0m x 1.9m – Ideal for a small vehicle

Simply load and unload your car even while the trailer isn't connected to a tow vehicle.

TANDEM AXLE - \$13,995

5.0m x 2.0m – Ideal for a medium to large vehicle

Designed to transport wide and low vehicles without the need for ramps or a tilting deck

SUPERCAR - \$15,995

5.0m x 2.05m – Ideal for modern wide-track supercars

With a flared tail for easier loading, and continuous tie down track for the most versatile lashing options

PRO- \$15,995

6.0m x 2.0m – Ideal for Motorsport

The professionals choice, load a car in under a minute. Lightweight, manoeuvrable and built to last.

SUPER TOURER- \$24,995

6.0m x 2.0m – The lightest and most versatile enclosed trailer in the world. Keep your car out of the elements without sacrificing the benefits of an open trailer.

ACCESSORIES AND OPTIONS

TIRE RACK - \$1,195 - \$1,995

Futura tire racks come in both a lockable and standard option. They are shipped flat packed and strapped to the deck of each trailer they are ordered with. All trailers are pre-drilled to mount racks. Assembly time 25-30 minutes

STONE GUARD - \$795

Futura stone guards are shipped strapped to the deck of each trailer they are ordered with. The stone-guard comes assembled, and simple needs to be mounted in place on the trailer with the 12 mounting bolts provided.

RECOVERY WINCH - \$595

Futura recovery winches are shipped inside the trailers winch box, and all mounting hardware is fixed to the trailer that they are ordered with. The recovery winch power cable is plugged into the connection on exterior of the winch box at the back.

TIE DOWNS - \$295

An essential piece of kit with a Futura Trailer. The tie downs are designed to provide optimal lashing on a Futura Trailer. They complete the user experience of a swift and easy load. Sold in packs of four.

SPARE WHEEL - \$295

The spare wheel is fitted to the underside of the deck near the front, with a mount kit on the trailer that they are ordered with. The wheel is secured with three bolts.

BRAKE CONTROLLER- \$245

Our trailers come with electronic drum brakes, requiring a brake controller in the tow vehicle or mounted in the trailer. We offer brake controllers that can be mounted inside the winch box of the trailer.
